

Amendments to the Specification

Please replace the paragraph beginning at page 37, line 17, with the following rewritten paragraph:

The ad-hoc service discovery protocol can be described in the general context of computer-readable media. Computer-readable media are any available media that can be accessed within a computing environment. By way of example, and not limitation, with the computing environment 800, computer-readable media include memory 820, storage 840, ~~communication media~~, and combinations of any of the above.
